Communism is Denial
of the Dignity of the Individual

In America this denial is exemplified in the Closed Shop, the Union Shop, the Income Tax, the O. P A., the F. E. P. C., the F. C. C. and the Pendergast machine.

Military Conscription is the ultimate goal of Communism where the dignity of the Individual disappears, making him a slave of the State.

Allies Promote Marxism in Germany

Dear Mr. de Aryan:

Enclosed you receive a stamp which I got from one of my customers.

We Americans were fighting Germany under the propaganda "Motto" to fight **National Socialism.** National Socialism was **anti-Communistic, anti-Marxist.**

The stamp was on a letter from the Rhine Pfalz, French occupied German soil, (French, our Ally).

The enclosed stamp has a picture of **Karl Marx.** It is glorifying Marxism. Are our Senators and Congressmen dumb or liars to the public?

You may use the stamp for the right purpose.

Sincerely yours,
EUGEN BRAND

Why the Independent Voters Should Organize Right Now!

It has become necessary that every patriotic American should make his or her voice heard in Washington before Congress will adjourn by the end of July.

The little man now occupying the White House by accident seems to imagine to have inherited the "Great Brain", while he is only a Bourbon who neither learns nor forgets anything.

The present Administration in Washington ought to be stopped from having the Treasury, Justice, State and War Departments discriminate against American businessmen and patriots who had opposed the "New Deal".

All hope has proven futile that the influence of the sinister secret camarilla had died with Roosevelt. On the contrary, the hidden hand which inveigled the U. S. into World War II continues to rule this country as before and seems content to see Western Europe fall into chaos and Communism — perhaps in order to be able to fish in troubled waters — whereas any sane person can see plainly that American business and employment will diminish thereby to a point where chaos will reign here also. Then the deluge will be upon us.

A year from next November Mr. Truman will have to be handed at the the polls the stinging rebuke, the thundering defeat, his retirement from politics for which he is asking.

UNITED STATES SENATE
Committee on the Judiciary

Hon. Kurt Mertig, etc.
Dear Friend:

This is just to let you know that I appeared most of all day, Friday, June 13, before the Senate Judiciary Sub Committee, headed by Senator Chapman Revercomb of West Virginia, in behalf of **Mr. William Gerald Bishop.**

His attorneys, Mr. Hallam M. Richardson and Mr. Charles Wallingdon, did a very fine piece of work in presenting the facts to the Sub-Committee; and I am very hopeful that after the Committee studies the record they will make a recommendation that Mr. Bishop should not be deported.

If you have any suggestions on any other matter in which I can be of assistance, I hope you will let me know.

With kindest regards, I am
Sincerely, WILLIAM LANGER

In Defense of Geneva Convention

Dear Mr. de Aryan:

Your favor of the 18th instant enclosing cashier's check in the amount of $150.00 contributed by Mrs. McBride's family members in Los Angeles duly received. Please accept my thanks for the same and please convey my appreciation to those members of the family for their remittance.

Regarding the application to admit to bail, I have filed all necessary papers and have argued the matter orally before the Court and thereafter submitted a written brief. The matter was argued on June 5 and I was allowed one week in which to file my brief which I did. The District Attorney was allowed a week after that to file his, but the same has not been received up to the present. I expect, however, that it will be served during the coming week. Thereafter I think the Court will act on the application very promptly. I will let you know as soon as I have received a decision.

Thanking you, I am
Very truly yours,

Mathes Takes no Orders from Olney

LOS ANGELES, — Warren Olney III, as assistant attorney general of California, succeeded in bamboozling Benno M. Brink, federal referee in bankruptcy in the case of Arthur L. (the Voice) Bell's "Christ's Church of the Golden Rule", to permit Olney to spend unlawfully about $25,000 of taxpayers' monies to conduct the "fraud" case of the Whites, husband and wife, against Bell and extract a stupid verdict of "guilty" from Brink because Bell refused to disclose private matters, which are nobody's business, as the Appellate Court subsequently ruled. But when Olney attempted the same tactics here in Fed. Judge William Mathes' court to **have Brink fired.** Brink having awakened to the fact that he was being used as Olney's stooge and balked, Judge Mathes refused to knuckle under Olney's slick and rule-cutting methods of telescoping various motions and petitions into one proceeding to give Olney the upper hand over Brink **without due process of law.**

Arthur L. Bell

Attorneys Combs, Ludlam and Preston had filed protests against Olney's hook and crook representation of "clients" whom Olney had disfranchised and made his personal serfs by a trick "contract" in which they divested themselves of their authority as principals to control the activities of their **AGENT** at law. Such "contract" should be investigated by the Bar Association. They charged that Olney was **violating the ethics of the legal profession that forbids a lawyer playing both sides of the street merely to prolong litigation** and Brink upheld the charges. So, in retaliation, Olney proceeded to charge Brink with malfeasance in office and without going through the legal channels of giving Brink a chance to certify proceedings, Olney expected to control Mathes' court, the way he had bullied Brink into letting Olney run the show in the "White fraud" case.

But the glamor of being "attorney general" is gone and Olney now is nothing but another dime-a-dozen, perhaps even worth less in the eyes of the ethical code of the Bar, and Judge Mathes ruled that Mr. Olney had to submit to the same rules like other plaintiffs in court and could not run roughshod over Mathes' referee. July 25th has been set for a hearing of the review of Brink's ruling enjoining Olney from "representing" his voiceless serf-"clients" and until that date Olney is enjoined from such representation.

It took a long time to come to the turn in the road.

* * * *

OLNEY'S TRICK CONTRACT WITH STOOGE-'CLIENTS'

THE REFEREE: I will say this; if Mr. Olney appeared only to attend to the individual interests of the persons whom he now represents, that is to see to it that they individually received their proper proportion of the assets of this estate, we probably would find nothing here to complain about. But Mr. Olney is going much farther than that. He tells us that many of the people we call the "loyal" people are stooges; that they are being led around; someone is exerting influence over them. **Yet we have the frank statement on his part that he accepted this employment only on the explicit understanding and conditions that he was the boss. His clients would have nothing whatsoever to say as to the course which he would pursue.** They placed themselves absolutely in his hands **to do what he pleased:** even so far that they themselves could not decide whether they wanted to quit by accepting a compromise. So Mr. Olney isn't here representing only the interests of the people whom he technically represents—as a matter of fact I think he said it himself. I think he said it in a letter to Mr. Franse that is must be understood that what he did would probably prove to be beneficial to the body as a whole.

Now I think that is where the disqualification comes in.

Robbing Peter to Pay Paul

BOOST IN CITY SALES TAX LOOMS

The City's ½-cent sales tax may jump to 1 cent, and other "nuisance" taxes be imposed to bring in revenue to hold the property tax down to $2.05, same rate as last year, the San Diego City Council members indicated.

The 1947-48 budget, effective July 1, must be cut at least $60,000 to preserve the same tax rate as in 1946-47, Mayor Harley E. Knox estimated. The Mayor repeated his opposition to "nuisance taxes in general", and a "hope that we can eventually eliminate them".

Councilman Charles B. Wincote said he would vote for a 1 cent sales tax. Councilman Gerald C. Crary said he would "rather discuss other sources of revenue than cut the budget any further".

HIGHWAY BILL REFERENDUM HELD POSSIBLE

SACRAMENTO, — Gov. Warren expressed doubt that the highway bill with its 1½-cent increase in the gasoline tax is subject to a referendum, but he believes that the people would uphold the Legislature if the bill were put up to them.

"It is a tax measure and I doubt that it is subject to referendum action, but if anyone wants to have a referendum on it and the law entitles them to it, we will have to meet that issue," he said.

"I think our people want an adequate highway system and they are sensible enough to know that if they want highways they must pay for them."

LIFE IMPRISONMENT FOR EXPOSING COMMUNISTS!

(Continued)

Under the heading "Millions Are Saying These Things" Pelley said again—

What would Abraham Lincoln do in this or that situation? is always a sound criterion to apply to dilemmas as they develop, not to mention what the Father of His Country has already said—which we have disastrously disregarded. At one time during the darkest hours of the Civil War, a member of Lincoln's cabinet proposed that a war be deliberately provoked with some foreign power in order to end the internal conflict and unite the nation in the face of common jeopardy. Lincoln is reported as not having language strong enough in his vocabulary to squelch such imbecility. He saw this Republic as standing firmly on its own two feet at all times, minding its own business, conserving the welfare of its citizens and growing invincible because it refused to be weakened periodically by intercontinental quarrels . . . Isn't it better to envision plans for a renovated, protected and stabilized America, than to go on beating tom-toms for a wild, vague, improbable Americanizing of the world that makes the kaleidoscope of internationalism the Christian's morning headache?

Wm. Dudley Pelley

And here's more of it! . .

Under the heading "Constitution in a Collapsing World" Pelley wrote—

If we were honestly engaged in winning a war for the United States and none other, that would be one thing. But we are committed to winning a war for imperial Britain and Bolshevist Russia and China—which is something else again. We do not propose to retreat on our own battlefront a single inch, but when a situation is overdrawn, unnatural and predatory, in fields afar, and when we let ourselves be committed to a policy of expending billions today for foreign nations that by the overturn of a cabinet tomorrow may employ all that resource and equipment against us, we are not engaging in legitimate war but illegitimate gambling with our sovereignity as jackpot. Someone has to say these things. The nation from coast to coast is thinking them.

Is it conceivable, in the wildest stretch of the imagination, that such pro-American expressions could be construed as sedition?

On August 12, 1942, Judge Baltzell sentenced Pelley to what was tantamount to **life imprisonment**—fifteen years in a Federal penitentiary. It was the capstone to one of the most infamous pages in the annals of American jurisprudence. And today it still stands as entered.

Certainly, Pelley can rightfully claim title to America's No. 1 Political Prisoner!

But—believe it or not—Roosevelt and his communist henchmen weren't content with this circumscription of all legal equity under the Constitution.

Three months later, Pelley was moved from Terre Haute Pentitentiary in Indiana to Washington, D. C. as a defendant in the Mass Sedition Trial of 29 other critics of Communism. Despite the fact the Constitution of the United States specifically states "nor shall any person

be subject for the same offence to be twice put in jeopardy of his life or limb", Pelley was forced to stand trial to the same charges in substance that were presented in Indiana. Again it would seem that constitutional rights mean nothing to the Sovieteers entrenched in high governmental departments!

Although the first indictment was returned on July 24, 1942, two other indictments had to be brought down before a third indictment on January 4, 1944, was sufficient to commence actual trial. For eight months, starting on April 17, 1944, the prosecution attempted to present a case **and out of 1100 documents containing 18,000 pages had not introduced one piece of evidence substantiating the charge when a mistrial was declared due to the passing of presiding Judge Eicher.** The prosecution did nothing thereafter to bring the matter to trial. Is it any wonder that the noted columnist, Frank C. Waldrop, in a column headed "The Cheapest Act" in the Washington Times-Herald of Nov. 23, 1946, had this to say—

> For disgrace and cheapness can you name anything by our great United States Government throughout its history to equal its performance in the so-called "sedition case"? . . . There just was no luck in that case for anybody. And why? Because it was a case bred in malice, prosecuted in hate, and pursued in bigotry. It had purposes far wider than the mere trial of people accused of a crime. It was a disgrace to America.

No Christians in Murder-Armies

Dear Mr. de Aryan:

I am in a quandary. Can you set me right? Because Stalin refuses to allow Jew bankers to exploit and enslave his people, (a promise he no doubt made to Roosevelt) we are now raising an army of millions. **AND THE MEAT OF THAT ARMY WILL BE CHRISTIANS.**

Stalin, the totalitarian, is enslaving the people of the Balkans, etc., we are informed by press and radio. Well, to me the Jew House of Rothschild, which before the war handed out submit-or-starve orders from London, was always the arch dictator and enslaver of people the world over. The British navy was their threat. Now they have the atomic bomb.

History can surely prove that Stalin can't possibly hand the people of the Balkans a worse deal than the Jew bankers did for a hundred and fifty years.

The next war will be between Communist-dominated nations and those dominated by the Jews; and for the control and exploitation of every nook and cranny of the world. And we today are one of the Jew nations — the leading one.

I am anti-Communist, anti-Socialist (fascism-nazism) and of later rather anti-Jewish. This of course is due to my ardent Christian pro-'Bill of Rights' Americanism. So I'm in a quandary. Am I, in the next war, going to take sides with either of the anti-Christs — Jews or Communists? Or am I just going to be a good Christian sap like always, and shoulder a gun for the helluvit? My boy played that game, and he didn't come back.

FRANK REYMANN.

* * * *

My dear Reymann:

The solution to your quandary is very simple.

Never in the history of the world has a Christian been enlisted in any army to kill; thus, **"the meat of that army"** you mention will not be Christian. They are all Jews and heathens.

Neither are there Christian saps. A Christian is one who has awakened to his stature and present living relationship of his sonship with God, Our Father. How could he be a sap at the same time?

All those who shoulder guns "for the helluvit" are described by Jesus in John 8:44, etc.

Sincerely, C. LEON de ARYAN.

Good THOUGHT

Right WORD — Right DEED

Security in Divine Law and Order

"Daddy," asked Fred, "since the predictions of George Washington about World War III are coming to pass how are we going to keep out of it?"

"Yes, Kosti," chimed in Gladys, "I have been thinking a lot about it also, ever since Baruch's stooges, Churchill and Truman, announced at Fulton, Mo., and in the Greek-Turkish subsidy, what plans Baruch has made. What are we going to do?"

"Well, children, Baruch has more insight than the 99.9% of native Americans lumped together. He, at least, deals with facts and keeps himself well informed. Americans are the most gullible savages in the world. Baruch has figured them out correctly, hence he controls the herd. He knows they are savages. There is just one thing the poor Devil ignores, and that is God's prevalence. You know, the Devil is no atheist, only he is so crooked and perverted in his intellect he figures he can outsmart God. Baruch bases his success in the fact that the material universe is absolutely calculable. Every engineer can tell you that. Because perfect law prevails in the functions of atoms, molecules and ether, engineers can construct material marvels. But Baruch, like every devil, has not advanced enough in his understanding to perceive that perfect order in matter also extends to the human organism, made of matter."

"You mean," said Fred, "that since all human activity takes place in matter the same rule of cause and effect prevails?"

"That's it, Fred. That's why we incarnate in matter, to check our feelings and our thought. If an idea is right and fits in with divine order, then, its materialization should produce benefits all around. That's the final test. And here is where Baruch and every smart fool gets caught. They forget that God prevails. They just see the human savages who can be herded like the animals they are, regimented, domesticated like dogs to do their master's bidding. Look at Truman and the Congress, the veterans, they all obey their master Baruch and will tear to pieces anyone he points to. Now he points at Russia."

"Then everything the Jehovah's Witnesses say about the government and the flag is true, daddy?"

"Well, Fred, the Witnesses are mixed up also. They follow the Jewish Bible in place of the Living God. Now, one cannot serve two masters. The Jewish mind and the Divine Mind are separate and distinct. This is what people will have to learn before they can be safe everywhere in the world and enjoy peace, security, the comforts of ingenuity, health and prosperity."

"You make a clear-cut distinction between literature and truth, Kosti?" ventured Gladys.

"Yes. Literature is like a guide book or a book of instructions how to operate a machine. This universe is that machine. We are parts in it. The Book might instruct us correctly or falsely, according to who wrote it, a divinely inspired person or a Satanic mind. The Bible is full of both. Therefore, one has to follow principle to separate the good from the evil. Baruch sees just the two billion savage morons milling around in this world. So he figures how to enslave and exploit them all. Suppose he succeeds, what has he got? He becomes their slave forever more, because he is doing it here on earth, in matter and **all matter is inexorably following the LAW of Cause and Effect.** What goes up must come down."

"You say, Baruch is enslaving himself to the two billion moronic savages forever more? Will he come back again and again and slave for them?"

"Certainly, Fred. All the damage he ever does he must undo before he can have peace. We had an example in old man John D. Rockefeller. That devil cornered a lot of oil properties. Yet, he could not eat a decent meal in the end. What did he get? That's hell, is it not?"

"Matter itself takes revenge, Kosti?"

"Yes, Gladys. You saw FDR. That mass murderer and exploiter of his personal employees could not fool his material body even though he fooled millions of moronic savages who yet think he was a god. If Baruch had sense enough to see what's coming, he'd certainly realize that he can't fool God."

"To sum it all up, daddy," concluded Fred, "divine law and order prevail even in the lives of people. If we train ourselves to do what is right we become immune to crime. So, you say that if we never do violence, we could not be subject to violence. In that case it would not matter where we lived, we would survive the coming onslaught of A-bombs and war."

"Fred, God **is the LIVING God:** The living power that moves the planets and maintains the smallest particle of matter within the orbit of atomic functions. Therefore you can calculate as securely your future as the mechanical engineer calculates how to construct his machines for a given task. You and I are here to face all these world-wide armies of murderers with nothing to protect us except our knowledge of divine presence. We follow the High Command of the Almighty and let them all follow Baruch, Truman on one side and Stalin and his hordes on the other. They will extirpate themselves, but from our seed comes forth a better race, because we impregnated matter with loyalty to God. Our ingenuity, our inspiration will never fail us and all the Baruchs and their satanic minions can not outsmart the Providence of the Almighty nor control us who do His Will in earth as it is in Heaven."

World Menace of Mongrelism

By C. LEON de ARYAN

(Conclusion)

When the animal-human body of the yellow race yields completely to the **longing** within the **divine atom** who learned his evolutionary lessons under the tutelage of the Mentors, from the first production of chlorophyll in the algea, until this divine, atomic, life-entity, the I AM, advanced where he responded to the language of the Creators of animal bodies, improved organic chemistry made possible the **reflex in the heart and gray matter** of the divine Christ, the Master of Creation.

From the first algea, all the way thru, expression of intelligence, feeling, always depends on the proper material. An analogy is found in the photograpic film. Not till proper chemical formulas were developed was color photography possible. So all higher intelligence depends upon chemical compounds in the human or animal body for its ability to imprint its reflex. Even the membranes that reflect song depend upon proper chemical components before vibration will correctly reproduce the tune.

So, from the first, the Masters who directed the building of the universe itself and then populated it, had to produce proper chemical compounds to enable the **life-atom** to operate so that matter resounded exactly as the divine impulse in the living entity expressed. A painter who lacks the proper materials can not reproduce on canvas the vision of his genius.

Finally, the Masters succeeded to refine the blood to the point where the Aryan body appeared as material, organic reality. And, THEN, the Masters themselves could incarnate in place of merely being directors off-stage. The Son of God came down in earth. The most and best known historic example to Europeans and Americans is the example of Jesus.

While all racists will now holler because in the scale of evolution colored races fall within the semi-human, semi-animal class, those who are white need not feel superior by any means. On the contrary. Any white person who feels superior is inferior, because he is a mongrel and does not know it. The purely white feel as Jesus describes it: "He who is greatest among you, he shall be the servant of all."

As you noted, there are steps, grades, in the School of Life and the divine atom who appeared within the first algea, as the sunray struck it, started from the bottom up. He learned to produce chlorophyll, color the leaves, improve the plant organism, reproduce it thru seed, until a foundation was laid where multi-cellular organic animal functions were possible. Then, upon the material basis of organic plant-life, the animal could feed and thrive until the divine atom had learned to refine blood and organism where the animal stood up on its hind legs and the human shape appears. But it still is an animal. So it proceeded thru further refinements and improvements, all this time prompted by the Masters, following their telepathic leadership, called natural instinct in animals and colored people; until the white body is perfected. This Aryan mechanism can and does respond to the direct promptings of the divine THOUGHT.

Up to the Aryan, the Master had to stand outside, off-stage, and direct the show. Into this new vehicle, the temple of God not built by hands, the Master now takes abode and functions directly. Thus, the Christ incarnates.

And now we note the terrific repercussions of mongrelism.

When Henry Ford and other master mechanics produced the automobile, anyone with the price could buy one regardless of his ability to drive, maintain and reconstruct it. The highways are full of people who drive wildly and kill one another.

When the Aryan body was perfected **in a world inhabited by semi-savages,** many a savage stole a white maiden, raped her and the mongrel race appears. Today we are confronted with an awful situation and reality. The whites are not Aryan in the true sense of the word. They are a combination of hit-and-run driver in a marvelous and powerful chariot. They serve as well as kill.

Every white man and woman, as well as child, has a sense of divine mastery in their blood and feelings. They sense the call to mastery in the world. They are Lords of Creation. But, if their organism were pure, they would never yield to the animal impulses of savages.

When the savage raped the white maiden, the child was a mixture of the savage lust of his father with the divine possibilities inherent in the Aryan mother. The longing to master the world worked thru the **savage mind of doing it by force.** This represents the run-of-the-mill of "Christianity" today. On one hand the preachers tell us of the Son of God who gave His life to rather suffer the tortures of the damned to death than use violence; on the other hand these same savage preachers don the uniform and as chaplains of the "Christ(?)" pass on ammunition to murder fellow "Christians(?)".

I have drawn the sketch. Those who yet fill their bellies with animal carcass, though white in skin, are semi-savages. The very ingenuity of the Aryan organism that permits them to harness and understand the functions of atomic power even, being drafted into the service of the savage animal jealousy, because the other fellow owns wealth of one sort and another and Baruch and Rockefeller, want to control that wealth, produces disaster. World War I, War II and now in the making: War III.

Wherever there is a mixture of blood by colored semi-animal races with the white or MASTER race, the forces of nature are not used to bring about the felicity of the Christ incarnate, but to produce the most diabolic combination of destructive machines controlled by the satanic minds of sadists like, Himmler, Morgenthau, Stalin and Truman.

The Lust to Kill

"Ye are of YOUR father the devil, and the lusts of your father it is your will to do. He was a murderer from the beginning and standeth not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father thereof. But because I say the truth, ye believe me not."—John 8:44, 45.

Because John's version of the Gospel lets Jesus address the above quotation to "the Pharisees", many "Christian Pharisees", like Agnes Waters, Elizabeth Dilling, Gerald L. K. Smith, A. Terminiello and their name is legion, assume to charge the Jewish Pharisees exclusively with being "sons of the devil, who was a murderer from the beginning". But we note that Bob Shuler, too, advocates "service stars" in his window, pretending to be a teacher of Christ's gospel, yet, because Jesus spoke the truth, when He said **"he that draweth the sword shall perish by the sword",** Shuler, like the whole American legion of devil worshippers, believe rather in the Devil and the lusts of **their father** it is their will to do.

Recently the Elder Devil Barney Baruch was recognized by **his own** and had his bronze bust installed in the **WAR College**, because Baruch is a seasoned liar and for practical purposes the father of the War College in Washington.

And the **"Christian Front"** leaders sent me some leaflets, announcing a mass meeting in New York to have Gen. MacArthur proposed as the candidate of the **"Christian Front"** for president of the U. S. A. Thus, again, the "Christian Front" proves to be included in John 8:44-45, for they believe not in Jesus but in the liar whose lust it is to kill. Of all people, MacArthur, the mass murderer, candidate of a "Christian" Front?!

How the devil recruits the fools to work for him!

Involuntary Servitude: Taft-Hartley Bill

San Diego is being treated in federal court to the most hypocritical spectacle. A retired Coronado couple, who hailed from the Lexington Minutemen of Massachusetts, are being tried on a charge of having kept their colored maid of general work in virtual slavery for 40 years. There is a possibility of construing the statutes to that effect. And now the federal administration beats its chest in holy fervor for the rights of colored people. Makes good vote-bait!

Yet, Truman vetoed the tax-reduction bill, keeping 142 Million Americans in involuntary slavery to the damned usurers for past and future wars, while 1000 conscientious objectors to military slavery are kept in federal prisons. Tie that!

And the same administration of Pender-gangster Truman, loosed two A-bombs on Japan, to please Stalin at Potsdam, who refused to make peace with Japan, even though as intermediary he had Japan's peace terms for the U. S. A.

And this White House gangster vetoed the Taft-Hartley labor racket-trimming bill which in a very mild fashion manicured the claws, beautified and sanctified them, of the Labor Racketeers by substituting the Union Shop for the Closed Shop, which is the same involuntary slavery for the individual employee only it's Republican slavery in place of Democratic Newdeal.

If you and I "owned" an automobile on lend-lease terms and failed to meet an instalment again and again and again, and transported the car across the stateline, the federal statute would not only be used to repossess the car but we would land unceremoniously in the hoosegow to boot. But Stalin send unpaid-for, defaulted, lend-lease tankers to American ports to be filled with oil and gas, to be used like the memorable scrap-iron of Japan's war preparations against Americans, and does anybody repossess those lend-lease boats while fool taxpayers keep on paying for them under Pender-gangster veto?!

Un-American Committee Persecutes Jewish Communists

Short-sighted editors, reporters, columnists and rabble rousers of the Gerald L. K. Smith type, glory in the fact that suddenly a wave of investigations are being trumped up by the Congressional un-American Activities Committee, to throw sand in the eyes of the gullible American suckers and make them believe the Congress is really interested in the Bill of Rights, which Jews and Communists persist in violating. They rejoice in the fact that various subversive agitators have been found guilty of contempt of the Committee.

But this is far from being a matter for rejoicing. The ends don't hallow the means. The Committee's demand of inspecting private papers is violating every amendment in the Constitution, beginning with the first one and ending with the last one, which proposes to safeguard individual rights against search, seizure, dictatorship, thought-police, etc., which are the very things that subvert Americanism. The fools who rejoice at the fact that the un-American Committee **is un-American** in the assumption of mis-hallowed practice thru hoary precedent, in sending to jail those who stand upon constitutional prerogatives and unalienable rights, by refusing to reveal private matters, to which the Committee is not entitled, except upon a sworn affidavit, describing each document minutely **as a criminal document needed in evidence for the conviction of an indicted criminal;** these jubilant fools encourage the destruction of civil safeguards.

Naturally, the enemies of the Republic are sly enough to use the public hatred and fear of Communism, now threatening the world with another war, to make a few Jewish Communists the scape-goats of a fake "purge", establishing an illegal precedent which they intend to use against **all daring patriotic Americans who oppose the criminal conspiracy of reducing this nation to vassallage under DICTATORSHIP** of a Baruch and Rockefeller.

It is not for un-American Committees to destroy the Constitution and assuage the idiots who cry for Communist blood now, and please the revenge thirsty anti-Semites. The courts should handle the issue on its own merits, not as executioners for the un-American Committee, but on evidence of subversion per se, upon proof of conspiracy to destroy America, as conceived in the Bill of Rights.

When Jews are being hailed into court for being Jews, and Communists for defying the un-American demands of Congressional Committees, then no man is safe in this land. We don't rejoice in the Garsson trial because some Jews get it in the neck; that would be indulgence in subversive sentiments. An American will uphold constitutional sanctions against friend and foe, otherwise he cannot lay claim to being American.

If Congress wishes to take the wind out of Communistic sails, all it needs do is pass an amendment to collect revenue from LAND-VALUE alone and no other taxes, in states or federal revenue measures. That would stop not only Communism in its tracks, but all labor rackets and anti-racial agitation and friction. But Congress is far from wanting JUSTICE and PEACE in America or elsewhere. They are stooges of Ignorance and Exploitation of both the suckers and their masters, hence they use the un-American committee to destroy constitutional safeguards and then, upon this precedent, hail everyone, who opposes the Pender-gangsters and Sanhedrin policies, before the un-American Committee to spy into private and legitimate activities that the private Gestapo of Baruch, then, may persecute all who dare oppose his plans of world dictatorship.

U. S. A. Fosters Communism in Germany

FRANKFURT,—No war in history has been recorded where so many thousands of homes were seized and their occupants ordered out.

This situation is particularly felt in Germany, where around half of the nation's homes were destroyed or rendered uninhabitable.

With the designation of Frankfurt as the "capital" of western Germany, orders have been issued that an additional 2000 houses in this wrecked city be requisitioned.

Even the American Military orders that no Germans may live in a house requisitioned for an American officer, no matter how many rooms are unused, has inflicted quite an unnecessary hardship on the German populace. It sometimes happens that an officer has a house of five to eight or more rooms for himself while the evicted occupants must leave their belongings behind and all live in one small room, if they can find such a room.

The order is based on "security", and on the fiction that we are still at war with a disarmed, demilitarized Germany where there is a death sentence or long imprisonment for possession of the smallest pistol or a shotgun.

Denunciation as a "Nazi" is the curse of Germany. "Denazification" as carried out, is one of the best allies of Communism and of Soviet Russia.

Only about 5% of Germany's prewar lawyers, jurists and judges were not inscribed members of the Nazi party. A large proportion were considered unqualified or incompetent. The denazification courts now are composed, to no small extent, of that 5%.

Denazification is pursued in the American zone with pedantic rigor that is not equaled in the other zones. Members of the Nazi Party must be "washed clean" before they can follow their former professions, careers or pursuits. Denazification means a license to work.

The extensive confiscations ordered by the denazification "mills" contribute to the systematic proletarianization of Germany, and that is smoothing the way for Communism and Soviet Russia.

In the Soviet zone former members of the Nazi Party, if they have not been outstanding leaders, are merely asked "What can you do?" And, if satisfactory answers are given, jobs are provided them. There is an open invitation to former Nazis, as the Soviets know that Germany's ablest specialists, technicians and workers **had to be members** of the party.

Among many other grave questions that confront the Germany of tomorrow, and even of today, is the biological problem of the surplus of women. It is estimated that there are between seven and eight million more women than men.

Between the ages of 18 and 38 there are four to five women to each man. The war took a terrible harvest of German men between 20 and 40.

Nature's urge to perpetuate life and the race, hunger that borders on starvation and calls for every sacrifice to maintain and prolong life, together with the natural desire for male companionship, is making a breach in sex morals and laws set up by society and religion as never before in history.

No nation can point the finger of scorn at the Germans in this respect. Ten thousand half-colored children fathered in England by American Negro soldiers silences the proud British.

TAKE THE INDIANS OUT OF CONCENTRATION CAMPS

THE BROOM:

Mr. Kurt Mertig, of New York, suggested I take THE BROOM. Am taking his advice: This check for one year's subscription.

What can a fellow do and say to get the Indians out of the Concentration Camps and instead put the Jews in them, before we Aryans are put in by the Jews? H. A. R.

Editor's Note: These are three subjects in one. Study Henry George's doctrines about economic law, best source is: L. D. Beckwith, 1325 E. Poplar St., Stockton, California. Spread this knowledge and it will result in abolition of all concentration camps not only for the Indians in the U. S. A. but for Russia, England, France and Germany under American rule, as well.

As long as you wish to put Jews in concentration camps you are neither an Aryan, nor deserve to be free. Aryans put nobody in concentration camps but give light to the world that understanding of God's ORDER of life may rule individually and collectively, then, in our political and economic corporations.

Planned This Way: Constantine Brown, commentator in Washington, said recently: "The economic and political situation in Europe can be described as the most perfectly organized condition of chaos the world has ever known."

One of our reporters just returned from Europe says that he saw dozens of shocking scenes. Famine in Germany is so rampant that some doctors spend most of their time signing death certificates. He knows one doctor who signed as high as 250 per day. Another winter like the last one could easily weaken to the point of destruction the entire German race. Conditions are better in the Russian zone. It has been planned that way so that the Germans in the American and British zones will tend to develop a pro-Russian attitude. American and British pro-Communists altogether too influential in occupation policy have helped carry out the plan originally designed by Henry Morgenthau and Franklin D. Roosevelt. Although this plan has been vetoed, the machinery for correcting it is moving slowly and ineffectively.

Law of Karma Misrepresented

Greetings Mr. de Aryan:

I am always interested in your comments or criticisms on life and how to live, or not to live according to the rule.

Just how much control do we have over our lives? I will answer that as I see it from my studies and observations.

In my opinion, we are as actors on a stage that is set and each person plays his part as was intended when entering life upon this globe.

A very few are advanced souls who came as directors or leaders to try to awaken those who want to follow the glitter rather than take the dull or serious parts assigned to them.

Then there is Karma. We have to pay for past sins, no one can redeem them for us, we must pay, and who knows in what way? Maybe, that even wars are such a debt to be paid. Who knows! Is it a new cycle or the final payment of a past debt?

The greater portion of humanity is still young souls. Perhaps that is why there are still so many meat-eaters. The animal must be fed its kind. We cannot judge what is good for others. Tox-Eliminator will help some ailing, another can get the same result by prayer. So what is evil for one is good for another. So-o-o! Each has his own path and must travel it to the best of his understanding.

Well! Where are we? Who can tell? The answer may be many eons away. What difference does it make? If we try to live according to Golden Rule, then the actors will be doing the best they know how.

Enclosed a dollar bill to keep THE BROOM in circulation.

Good luck and best wishes,

Sincerely, Mrs. M. G.

KARMA IS NOT VENGEFUL

Since our correspondent brought up the subject we must warn that we are not undertaking to answer fully her questions. It is futile to try, because language cannot convey to the uninformed that which is beyond their ability to encompass. In such cases they just read words, words and words and more words. It calls nothing out in them to give them understanding.

For ages the docrine of Karma, of the Golden Rule, of the living Christ, the Son of Our Father, of all these truths, have been presented again and again and again. But what results has it produced by and large?

Hence, we will correct only a few misunderstandings which we have noticed to be very common. The rest is no concern of ours.

The agnostic succeeds to create the impression of great wisdom by presenting questions and answering them with **"Who knows? It may be this or it may be that."**

There is no need of leaving a question wide open by smart-alecky inferring that nobody knows the answer, otherwise the agnostic would know it, too. In this fashion every ignoramus finds his pride saved, so he joins in the chorus, hence atheists and Communists find many followers.

No, there is a very definite, a very straight answer to every question. There is no question that could possibly pop up in the human mind which the Builders of Humanity had not considered, provided for, and have the perfect answer or solution. They made our intellectual mechanism that produces the question, so they know all the details thereof.

There is nothing new under the sun, only to the babe it is a new experience. His discoveries are unique to him even though his forebears had made them a million times before him, too.

Thus, there is no puzzle whatever about what causes meat-eating and wars. No puzzle why Tox-Eliminator produces the same results for one which prayers will produce for another. But to get the answers correctly you will have to grow in intelligence to equal the genius of the Creators of Humanity. When we grew to the point where we could understand certain phases of electricity, magnetism and metallurgy, we became equal to the task of radio control, etc. And so in each particular phase. Hence, "who knows?" like Pilate's question: "What is Truth?", merely demonstrates the intellectual laziness of the questioner; for there is no problem without the perfect answer, otherwise this universe would have long since gone to pot. That it continues proves the puzzle lies in our ignorance, not in Nature itself, which continues to function to perfection.

Karma and "paying debts of past misdeeds", of past incarnations, has misled many a beginner to confound THE LAW with stupid, punitive procedures of our vengeful criminal courts who exact a life for a life; impose a brutality for a brutality; thru midieval punishment. Karma does nothing of the kind. Hence, to venture the guess that "the animal must be fed its kind", is another confounding notion that expresses thought-laziness.

If you want heaven you must **exercise the organs of your body** in harmony with the intent of the Creators of that body. Whenever you expect to get heaven by any other means, you **destroy the organs of your body.** Now, the KARMA becomes self-evident. You cannot ever find **heaven till you rebuild the organs you destroyed.** Meat-eaters hope to substitute them by robbing the animals. They merely aggravate the condition.

Same with those who go to war. They lost their own liberty by not following the dictates of the Highest Intelligence. Then, they are enslaved by wily demagogues who tell the fools that by killing Nazis or Communists they would insure their own freedom. Same with the Jew-killers, or the Christ-killers. It's the same brood of devil-worshippers who seek salvation in the lust to kill.

Karma means, that to achieve heaven, security, harmony, they will have to rebuild the physical organs that respond and vibrate to divine THOUGHT by which harmony alone is possible. The process of **eliminating the criminal habits, drugs and associations with other human devils,** is PURGATORY. An ordeal worse than the ordeal of swearing off booze, tobacco or any other habit-forming opiate.

As long as people seek salvation in devilish practices, they inevitably will practice their deviltries on one another, hence wars. That is their Karma which they produce now, not in the past. There is no past and no future, only NOW.

With every cell in its perfect position, with every cell fed perfectly, with every cell kept as clean as possible, we will have youth, and perfect health indefinitely.

"Constipation is one of the greatest causes of disease, misery, inefficiency and premature senility, and should be most earnestly combatted," says Dr. Kellogg of Battle Creek Sanitarium fame.

Abolishing Wagner's Slave Law — Socialist Reaction . . . . McNarney on Negro Troops in Germany

By WASHINGTON ADAMS

WASHINGTON, June 28 (Special)—Congress showed more courage and independence in overriding the President's veto of the Taft-Hartley Bill, on June 23, than has been seen in that body since the Roosevelt despotism took power fourteen years ago.

The Wagner act was written in 1935 by labor despots for labor despots in the name of the proletariat. It was the result of a conspiracy between the Roosevelt oligarchy and the American labor "czars" to control our Nation's industrial and political life.

World Bolshevism at once saw in the Wagner law the opportunity of their life to lay the groundwork for the American socialist revolution. While hypocritically claiming in its preamble to reduce labor strife, it soon began to, and finally did, produce more strikes and industrial paralysis than the world had ever seen.

The decision by the Roosevelt Supreme Court in 1937 that the act was Constitutional caused the infamous ROOSEVELT RECESSION of 1937-38, which continued until war orders reversed the trend. Hard times.

This writer knew the Wagner act was evil, wrote against it from 1936 on; **and in 1940 I drew a cartoon,** showing a diamond-studded labor czar holding chains in his hands. One set held in gyves the ankles of industrialists and the other set encircled the necks of the workers. I tried vainly to get the G. O. P. convention to denounce the Wagner act.

In 1946 the American electorate revolted against the labor-czar despotism. All polls showed their resentment. The Taft-Hartley bill was overwhelmingly enacted, after five months of study and labor. It is not a perfect bill. It does not go far enough. Labor czars could be reduced in power, if not abolished, by making them hold office for one term only (not over two years) and make them ineligible for re-election.

In other words, compel the unions to have REAL WORKERS as their officials — NOT LIFE-TIME CZARS, whose tenure was ensured by the demagogic necessity of continually fighting the employers and "upping" wages.

Never has there been such pressure on Congress, and the President;—by union "bosses", socialist, communist and all left-wing newspapers, religious fronts, Russian Jewish fronts, Negro fronts, venal politicians, etc., etc.

President Truman weakened. He yielded. He vetoed. Brilliant columnist David Lawrence commented that, **if Truman were being voted on today, he would NOT carry a State outside the Solid South.**

His final papers — the veto message and radio appeal — were said to have been written by union czar Lee Pressman and revamped by the Truman camarilla; just a flimsy rehash of discredited union boss arguments. Senator Taft's instant radio reply to Truman's final blast annihilated the opposition.

The votes to override will go down in history —in the House 331 to 83 on June 20, and in the Senate 68 to 25. Despite the long DEGRADATION of representative REPUBLICAN government, guaranteed by the Constitution, the representative system has thus suddenly showed amazing revivification.

REBELLION by misguided and misinformed unionists, many of them completely ignorant of the science of government and especially of the American system, reveals how far subversive propaganda by leftwingers has infiltrated into industrial labor.

All unionists in America,—good and bad—together with their wives and children, do not number much more than FORTY MILLIONS. Yet some of these 40 millions feel that they can and should dictate to and browbeat the more than 100,000,000 who are NOT INDUSTRIAL UNIONISTS!

GENERAL JOSEPH McNARNEY was quoted in the N. Y. Times of Dec. 2, 1946, page 3, late city edition, as favoring the withdrawal of Negro troops from Germany. Yet when a patriotic German-American in New York City advocated the same thing, he was accused by New Deal Reds with being a Fascist and a Nazi sympathizer.

NATIONAL MADHOUSE

By MADISON MONROE

WASHINGTON,—Arthur Krock, Washington correspondent of the New York Times, in discussing inter-party New Deal conflict and Congressional rebellion arising therefrom, makes the flat statement that international affairs are the "principal concern of the American people".

That would be hard to demonstrate. It would be safer to assert that domestic affairs are the principal concern of the American people, while international affairs are paramount only in the eyes of the great majority of the American press and of our politicians of the international pro-British, pro-Jewish groups who have endeavored to make international affairs our principal concern to the neglect of and injury to our domestic interests and general welfare.

* * * *

An analysis of the House of Representatives vote to override President Truman's veto of the tax reduction bill shows 268 (R-233, D-35) in favor and 137 (R-2, D-134, ALP-1) against. The only two Republicans voting with Truman were Andersen of Minnesota and Hull of Wisconsin, formerly Progressive. Of the 35 Democrats votign against Truman, 29 were from the south, 3 from California (Elliott, Engle and Lea) and 3 from Massachusetts (Donohue, Lane and Philbin). Of the 16 absent and not paired, 15 were Democrats and one was Republican (Gerlach, Penn.) Five Texas representatives were for overriding and four were absent or not voting, or nine out of a total of 21 were in effect against Truman. All but one of the 8 Louisiana Congressmen voted to override and the other was absent. Pussy-foot Wright (Wrong) Patman was one of those that refused to go on record.

* * * *

A revision of Congressional Districts has just been passed by the Illinois legislature. This will automatically dispense with the position of Congressman-at-large now held by Stratton. This young man, Republican, lives at Morris, Ill. He served in the 77th Congress and made a fair record, but was defeated for the 78th. He did a good work last year in defeating Emily Taft Douglas, for Congressman-at-large, but he has been a considerable disappointment to his friends. Although he voted against the Greco-Turkish handout, his main activity seems to be in support of a bill to bring in 400,000 immigrants which of course would accentuate our unemployment problem.

Jewish Terrorists, Victims not Aggressors

By SAMUEL B. GACH
in the California Jewish Voice, Los Angeles

BEFOGGING THE ISSUE

Our squeamish brethren are highly incensed because Ben Hecht places ads which promise support and financial aid to the fighting Irgun in Palestine . . . .

Some of our naive or jittery Jewish editors opined that the Hecht ads "have hurt world Jewry". Aw nuts! Why don't they sober up. Of course I don't believe in terror. But should that blind me to the facts of life? I believe less in the honor and integrity of those whose past promises are now ashes. . . . .

Sure, the American press and people are, in the main, for a Jewish Palestine . . . but unfortunately our government is two-timing us. The diplomats do the deciding and it is established custom among diplomats to bear gifts only to enemies. Witness the international prostitutes fawning upon the traitorous Arabs who throughout two world wars were a comfort to the enemy, while unabashed they cut the throat of the universally loyal Jews.

Recapitulate: Chamberlain's White Paper . . . Roosevelt's deal with Ibn Saud . . . . British Labor Party's moral collapse . . . . Flushing Meadows . . . . Lake Success . . . . our own State Department. Sold down the river at every turn.

No, my panicky friends . . . . we didn't have to wait for 1947 and some strong Ben Hecht copy to "seriously harm the Jewish position". A lying, cheating world will torment and betray the Jew with or without Ben Hecht and his "bomb"-astic ads. You are either hypocrites or more gullible than a fighter for freedom ought to be. Your problem is imperialism. . . . . not a fellow-Jew.

I repeat, I am against terror. I also am against communsim. Does that mean that I will ever say a good word for fascism or give the fascists comfort and support by joining them to fight communism? No siree! As we said to the President last week, "brother, you've got the wrong address."

If there is violence the JEW is the victim . . . not the aggressor.

The Scum Still Floats on Top

My dear Mr. de Aryan:

You will find enclosed my check for $8.00 which will cover for my renewal plus cost of 20 copies of issue of May 26, not received, and 20 copies of June 2 received.

I want to thank you for your article on my proposal for an "ASSOCIATION FOR THE ADVANCEMENT OF WHITE PEOPLE". It is an excellent dissertation on the subject. I also want to thank you for the manner in which you sent me a copy of that issue.

To the hundreds of my BROOM friends who write me encouraging letters I want to say that our pioneer work is really done, and now we can all take it easy and watch our enemies wriggle and squirm as the spotlight shows them up for what they are. It is humanly impossible for me to answer all those letters, and I want to answer you all in this manner.

You will all realize by now that those who would destroy us and our great COUNTRY—, were and are very dumb, ignorant people. They could not see that what they set out to do CANNOT be DONE to a people WHO will NOT be enslaved by the dirty scum of this earth. OUR people may not see a thing until it is literally shoved under their noses, but WHEN they SEE it, THEY act according to common ordinary human instincts for survival. If forced to it they will slay their enslavers like they would mad-dogs. To us freedom and the right to be let alone is more precious than life itself. Patrick Henry stated our Christian creed.

So all you Patriots cheer up! The victory is ours already. The enemy is beginning to show panic and terror. Just you watch the overt acts of the cornered scum from here on out. They're showing their beastly faces and hands.

Your faithful fighting Aryan,
IRA CALVIN WHITE

* * * *

Dear Mr. White:

Thanks for your renewal of subscription. Sorry 20 copies of May 26 got lost; am sending you 12 more, all I have left.

Concerning your message to your fan-mail writers:

Are you aware that those who "will slay their enslavers like they would mad-dogs" become mad-dogs in the process? "Give me liberty or give me death," according to our Christian creed, does not imply drawing the sword to slay. That's where you and all who call themselves Aryans or Christians, make a grave mistake.

Your evaluation of the present situation is prematurely jubilant. The "scum" is not as panicky as you suppose. They have laid their plans very forehandedly and it works out as planned. The scum **is controlling,** holds the tiller and our boat sails accordingly.

Truman has vetoed the tax-bill, **because the scum wants to cash in on the war debts.** But the scum also wants the power of organized labor broken after they used the unions to destroy thousands of small business competitors, whose business the scum took over. So, watch and see, the bill that starts breaking the competitors to the **landed scum:** the labor racket; this bill will become law so that there be no competition from the proletariat scum. The land-title aristocracy alone is privileged to squeeze your life blood.

As long as "Christians" and "Aryans" yet believe in force and violence, the scum will naturally rule them, for they are neither Christians nor Aryans.

Sincerely, C. LEON de ARYAN.

A CHRISTIAN SPARK FOR PEACE

Sir:

May I bring to your attention one point in which the democracies have failed in their battle against the communistic ideology? They have overlooked their greatest ally, the spirit of Christianity in the Russian people themselves.

A close scrutiny of Russian literature reveals an innate comprehension of the Christian faith, a strong religious tendency and an earnest seeking after the solution of the human riddle. Such a spirit if it lived, and it did, in Leo Tolstoy, Fyodor Dostoevsky and Nikolai Gogol . . . . as recently as the last century cannot have been obliterated by the domination of a material-thinking group within a few short years. As well to imagine that a tin roof can obliterate the sunrise.

I would suggest that if the democracies are sincere in their intentions toward the peace of the world, they appoint a commission to study the spiritual development of the Russian people as a people and as represented by their great and spiritual literature. Proceeding on the theory that the way to shut out the darkness is to turn on the light, I believe that such an undertaking would do much to fan to flame in the hearts of the true Russian people the Christian spark which once ignited can never be permanently put out.
